Dr. Dupre-

The current costs encumbered to date by the district due to archeological findings @
CTE - \$5,000,000

Additional monthly costs to be incurred by the district due to delay in execution of
interlocal agreement - \$175,000 monthly

Additional construction costs expected if cemetery designation is not lifted by
November 2018 - \$400,000

The costs shown above are estimated through the end of this year. We will be required
to re-evaluate costs and project approach in January 2019, if the cemetery designation
is not lifted by then.

Please let me know if you need additional information.

Thanks,

Carolina Fuzetti, MS, PMP®

Executive Director, Design & Construction

Charles,
How much extra cost have we incurred on this project to date? How much more is expected?
I am guessing the total is \$6 mil or so. Is this accurate?
